

Title III Notification Letter

August 4, 2023

Dear Parent or Guardian,

The purpose of this letter is to notify you about important information regarding your child's school regarding how Title III funding is used.

Per NRS 388.406 section 5, The board of trustees of each school district shall post annually on its Internet website information on the manner in which the school district uses money received pursuant to Title III of the Every Student Succeeds Act of 2015, 20 U.S.C. §§ 6812 et seq. Please review the information below regarding how Title III funds are used at our school.

School Specific Actions

Southern Nevada Trades High School s using allocated Title III funding to:

- Ensure that all faculty gain their TESOL endorsement. This will help ensure all ELL students are provided with the best instruction inside the classroom with teachers using research-based assessment and instructional practices. This will help all ELL students increase their language proficiency as teachers will be able to gear lessons and differentiate to best fit their needs. This will be a practice we continue each year with new hires if they are not previously TESOL endorsed. Ensuring they can obtain this endorsement and provide our students with the best instruction possible. The school will also be using funds to acquire technology for the ELL students to use during pullout instruction to assist with their language acquisition skills.
- Purchase technology (iPad) that will be used for the students during their pull-out instruction (and during after school intervention tutoring).

For more information about the resources, specific strategies, and tailored school goals, please review the School Performance Plan that will be posted on your school's website.
